

Notice of Road Closure

We would like to bring to your attention, that we have arranged road closures for construction activities at the site on Hopton Street, London, SE19LR.

The closures are planned to be in place any time from Saturday 09th February 2019 to Sunday 10th February and 16th February 2019 to 17th February 2019. Once the closures are in place they will not be able to be moved until the works are completed.

Although works are planned for these dates, they are weather dependent and the 23rd & 24th February 2019 and 02nd & 03rd March 2019 have been requested as backups.

During the dark hours noise will be kept to a minimum and the only noise that we will be making is engine noise, if you have any complains or queries please use the contact details below

Traffic Management will be in place with a signed diversion. Pedestrian access to the properties will not be affected. Please note however, that there will be a need to suspend some parking bays and restrictions be in force during this time.

We aim to keep disruption to a minimum and apologise for any inconvenience at this time.

Yours Sincerely

Select Traffic Management
